

WINNEBAGO DWG: 157300 (UNO)

- 1 THE AUX START SOL IS USED TO COMBINE THE CHASSIS & COACH BATTERIES FOR EXTRA STARTING CURRENT USING THE DUAL BATT SW MOMENTARY.
 - 2 THE BATTERY SELECT SWITCH (LOCATED ON THE RIGHT SIDE OF THE LEFT FOOTREST, DOWN = COACH) ALLOWS OPERATION FROM EITHER THE COACH (STD) OR CHASSIS BATTERY
- ANY TIME THE ENGINE IS RUNNING, A GND SIG FROM THE LIGHT BAR WILL ACTIVATE THE AUX START RLY WHICH WILL FIRE THE AUX START SOL VIA THE DUAL BATT SW. THIS WILL COMBINE THE BATTERY BANKS FOR CHARGING FROM THE ALTERNATOR.
